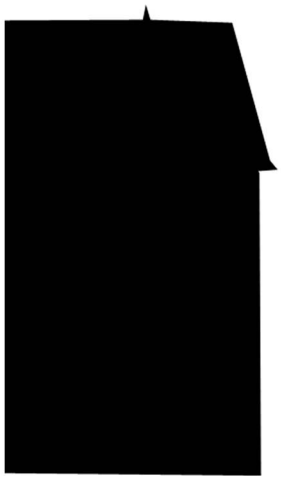
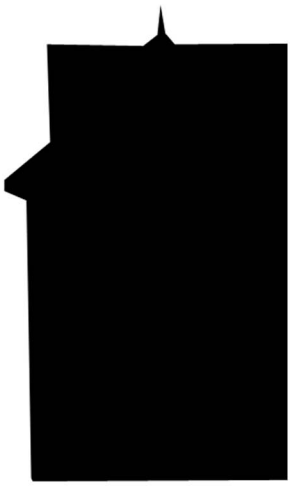
There is a statue in the garden of Jimi Hendrix named 'Purple Haze' after one of his famous songs. **Design** a statue of a musician you like and give it a creative **name.**

Julia Margaret Cameron built a tower to join two houses together. **Inspired** by the architecture around the house **draw** your own tower between these buildings.





Draw a person from Julia's time, part of the building or your favourite camera that you have seen during your visit.

Think about all the things you have discovered and **draw** a **mascot** for Dimbola Museum & Galleries. Don't forget to **name** it and **tell** us about it.
